The terminal disclaimers filed on April 26, 2005 and June 16, 2005, disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of prior Patent No. 6,723,406 and co-pending Application No. 09/844,083 have been reviewed and is accepted. The closest prior art does not teach or suggest the recited self-adhesive masking strip further including masking paper adhered to and only partially covering one side of the adhesive tape and having a width which extends from the locus of its adhesion to one side of the adhesive tape to beyond one width boundary of the adhesive tape and a masking film adhered to and only partially covering the part of one side of the adhesive tape left uncovered by the masking paper, which overlaps and covers the masking paper. The prior art does not teach motivation or suggestion for modification to make the invention as instantly claimed.
